

Careers Leader Training for the East of England

Develop your skills and knowledge as a Careers Leader with high quality training in the East of England. Delivered in partnership between Suffolk and Norfolk County Councils, who have been specialising in Careers Training for over 20 years.

This training programme is funded by the Careers & Enterprise Company

Courses taking place across Norfolk and Suffolk, Cambridgeshire and Peterborough in 2018-2020.

Outcomes:

- Successful completion of the accredited course will lead to a Level 6 Certificate in Careers Leadership
- Helping you to meet requirements of the Department for Education's Careers Strategy

We offer:

- Support from an organisation with strong links and excellent understanding of the region
- Accredited and non-accredited programme delivered by expert facilitators
- Six and a half days face-to-face training, complemented by visits to other schools or colleges and local employers
- Opportunities to share practice across diverse school and college models in the East of England
- Links to all 8 Gatsby Benchmarks
- Range of assessment methods including work-based projects
- Links to Quality in Careers Standard awards
- Wrap around support from assessors and tutors
- Access to a large range of online resources

Suitable for:

Mainstream secondary, special schools, Pupil Referral Units/Short Stay Schools, 6th Form and Further Education colleges

"I have found the Careers Leader course invaluable in developing my role as careers lead in a SEND school. The course is delivered in a way that is relevant to all settings and it has been particularly useful to learn alongside others both in similar settings as well as those in very different settings. The course has inspired me to really focus on developing an exciting and relevant careers curriculum to meet the needs of all our students."

“

I think the course is building a strong foundation for careers leadership across the county. The tutors are highly knowledgeable and experts in their chosen fields so course content has been highly relevant and delivered in an engaging manner. The opportunities to share good practice and learn from others in the group has been invaluable. ”
